		Year 1	Year 2
Year 3	Year 4		
		Year 5	Year 6

Ignite Wonder

At Beacon, children experience writing across the curriculum and can draw upon their experiences from our Ignite Wonder opportunities. Our residential and trips engage and enthuse our children as writers and children develop their knowledge of stories and vocabulary through our story telling competitions. Children are able to visit museums, have visits from authors and enjoy the theatre to embed their knowledge of texts to support writing. Writing opportunities from outside organisations such as Fowey Writing

Awards allow children to take part in competitions with other schools and receive accreditation for their contributions. Language rich environments help to develop creativity and enthuse our children as writers.

Shine brightly as
writers

Bebrave ADVENTURE

Exposes our children to a rich and diverse world that is full of colour, music, creativity and celebration. Providing our children with the opportunity to see a world beyond their own, that will inspire and influence their future choices.

Intent

We strive to plan and teach a rich, engaging English curriculum, promoting a culture of learning. Driven by high quality teaching and strong subject knowledge, we intend to raise standards for writing to ensure that children are prepared with the linguistic knowledge of vocabulary and grammar, whilst drawing upon authors to develop their own writing styles and confidence.

BeBrilliant CULTURAL DIVERSITY

Enables our children to develop a growth mindset, by exposure to challenging experiences that allow our children to question and explore opportunities that will enable them to become confident and resilient in all areas of their lives.

Vision

At Beacon Academy, we strive to create fantastic writers, who have a love of stories and develop brilliant imaginations. Partnered with the creative use of oracy and with the implementation of the 'Talk for Writing' approach, children learn to read and write independently for a variety of audiences and purposes within different subjects. Children develop enthusiasm towards writing and feel confident to retell a range of different stories, widening their vocabulary choices, underpinned throughout the curriculum. Through our enriching curriculum, our vision for writing is to prepare children for their future education and career prospects whilst leaving with a wealth of grammatical and literary knowledge and tools to help them become amazing writers.

Implementation

We use high quality texts, made to make these units purposeful and appropriate to the needs of our children. Hooks and enthusiastic teaching create excitement and engagement towards our units, supported by a literacy-rich environment. As children internalise a number of different text types throughout their years at Beacon, they build a bank of tools to help them write creatively, supported by strong scaffolding and modelling so that children become confident to invent their own stories.

Believe POSSIBILITIES

Allows our children to explore the world around them, knowing that the experiences they gain will enhance their lives and open doors to new adventures.

Impact

Beneficial CPD opportunities strengthen our staff understanding of teaching and knowledge of the process to deliver it to a high standard. This means that children leave Beacon knowing a range of quality texts and ambitious vocabulary and can write with confidence for a number of different purposes in preparation for future education and career opportunities.
